11.40 REDISCOVERING THE IMAGE

Edvard Munch

is the last of the three great painters of the late 19th and early 20th centuries in whose lives and works

SIR KENNETH CLARK discerns a common impulse to break away from the Impressionists' direct reflection of reality by re-asserting the supremacy of the imagination over the eye alone. By thus rediscovering the image, they helped to win for 20th century artists a freedom to explore, experiment and innovate

You can share
vivacious
Susan Maughan's
secret.

Glamorous Susan Maughan says, "I recommend Yestamin Brewers' Yeast for its Vitamin B content. It really helps me when I feel overtired from long rehearsals and living on Studio snacks. With the pace of today's life you too may take irregular or rushed meals which could result in a lack of the important 'B' Vitamins. Be sure to ask for Yestamin Brewers' Yeast (not bakers'). It could also help towards promoting a clear, healthy skin."

All chemists and all health food stores stock Yestamin Brewers' Yeast—tablets and powder, from 2s. 8d.

You can have free Susan Maughan's Beauty Booklet. Just write to:-
